NECA Boston Chapter is in progress with its Electrical Project Supervision – Foreman Training course, being conducted on Thursday evenings in October at the JATC of Greater Boston in Dorchester, and culminating November 1st with the Electrical Industry Night Trade Show and Foreman Training at IBEW Local 103.

On October 4, the Introduction to Project Supervision class focused on the Supervisor’s Role: Transition into Management; Jobsite Documentation; and Crew Communications and Contract Basics.

On October 11, the course centered on Management Tools for the Supervisor.

Setting and Managing Performance will be covered on October 18 and managing wide-ranging Employee Issues will be the fourth in the series on October 25.

The course instructor is Michael Willett, senior affiliate faculty member at Wentworth Institute of Technology. More than 30 NECA/IBEW Local 103 electrical and tel/data foremen and general foremen are attending the series.

At the September 26 NECA Boston Chapter Meeting at Venezia Restaurant, Richard Gambino, recently retired Administrator of the NECA/IBEW Local 103 Electrical Construction Trust Funds, was honored by Chapter President Michael McDonald and Executive Manager Glenn Kingsbury with an Electrical Industry Distinguished Service Award. Rich spoke of the healthy state of the Trust Funds, which he attributes the success and contributions of NECA Boston Chapter and Local 103 members, diligent work by the Trustees, and a diversified strategy and conservative approach to the Funds’ investments.

Special guest speaker John Christian, President of Modern Assistance Program, spoke of the critical importance of the Health & Welfare, Drug Testing, and Employee Assistance programs that NECA and Local 103 offer members and their families through the Local 103 Health Benefit Fund. “The partnership of NECA Boston and Local 103 is unparalleled in the industry when it comes to training, testing, and support systems that are offered to their employees,” he said.

NECA and IBEW set the standard for excellence in electrical, telecom, and renewable energy projects throughout Eastern New England.

In the world of construction, quality and safety are critical to every project. Which is why leading architects, general contractors, building owners, and facility managers throughout Eastern New England rely on the skilled union electricians of Local 103 of the International Brotherhood of Electrical Workers (IBEW) and the professional electrical contractors of the Greater Boston Chapter of the National Electrical Contractors Association (NECA). For more than a century, IBEW and NECA have literally helped build our region. From our most cherished historical sites and renowned educational institutions, to major transportation projects, leading technology companies, community schools, and libraries, our landmarks shed light on a century of electrical construction unsurpassed in quality.

The future of renewable energy and green buildings is here.

Take a close look at just a few of the recently completed projects by NECA Greater Boston Chapter members. It will tell you where to turn for the highest standards in electrical, telecom, and renewable energy construction. Rely on the power of quality electrical work.
